- Game 1: Hardpoint
- Game 2: Search & Destroy
- Game 3: Control/Domination
- Game 4: Hardpoint (new map)
- Game 5: Search & Destroy (new map)

Quarterfinals & Semifinals (BO3 — Qualifier Format):

- Game 1: Hardpoint
- Game 2: Search & Destroy
- Game 3: Control/Domination

Group Stage (BO1 — Sudden Death): single decisive map/mode announced per match day.

3.2 Group Stage — Round Procedure (Online, BO1)

1. **Check-in:** Teams check in with the referee 30 minutes before the scheduled match time.
2. **Lobby join:** Once the lobby is created, teams must join within 10 minutes of the invite — missing this triggers the Late Penalty Tier (Section 12).
3. **Room details:** Room ID/password shared 15–5 minutes before match time.
4. **Mode:** A single decisive map/mode is announced per match day (Sudden Death format).

5. **Map veto:** Higher seed (or coin toss winner) bans first — sequence is **Ban–Ban–Ban–Ban**, remaining map is played. Veto is completed and screenshotted by the referee before the lobby is created.
6. **Side selection:** Coin toss winner picks side.
7. **Overtime:** Hardpoint goes to sudden-death OT on the final hardpoint if tied at time expiry; Control/Domination goes to one sudden-death OT round if tied; Search & Destroy needs no OT (round-based).
8. **Recording:** Screen recording is recommended (not mandatory) at this stage.
9. **Disputes:** Raised within 10 minutes of match end with evidence where available; referees decide within 30 minutes — decision is final.
10. **Result of the stage:** Standings from Group Stage determine seeding — the higher-placed team earns Veto Power for their own Semifinal match only (Section 3.2).

3.3 Quarterfinals — Round Procedure (Offline, BO3, Qualifier Format)

1. **Venue/check-in:** Played offline at Yugaantar Gaming Arena; teams check in 30 minutes before the match, valid government/school ID required for verification, and must join the lobby within 10 minutes of the invite.
2. **Fixed mode order (no veto):** Game 1 Hardpoint → Game 2 Search & Destroy → Game 3 Control/Domination. Veto Power does not apply here — the order is always fixed.
3. **Map veto (per mode):** Higher seed/coin toss picks/bans first, sequence is **Ban–Ban–Pick–Pick–Ban–Ban**, remaining map is the decider. Map pool is announced ≥48 hours in advance.
4. **Side selection:** Previous map's loser picks side for the next map.
5. **Overtime:** Hardpoint sudden-death on the final hardpoint if tied; Control/Domination one sudden-death OT round if tied; Search & Destroy needs no OT.
6. **Pauses:** Max 1 tactical pause per match, 5 minutes max.
7. **Recording:** Mandatory; submit on request within 24 hours or disputes are decided against the non-complying team.
8. **Disputes:** Raised within 10 minutes of match end with evidence; referees decide within 30 minutes — final and binding.
9. **Series win condition:** First team to a majority of maps (first to 2 of 3) wins the series.

3.4 Semifinals — Round Procedure (Offline, BO3, Qualifier Format)

1. **Venue/check-in:** Same as Quarterfinals — offline at Yugaantar Gaming Arena, 30-minute check-in, ID verification, 10-minute lobby join window.
2. **Mode order — Veto Privilege applies:** Default order is Game 1 Hardpoint → Game 2 Search & Destroy → Game 3 Control/Domination. The **higher-placed team from Group Stage standings** earns Veto Power for their own Semifinal only, letting them reorder or swap one mode in the sequence. Veto must be confirmed with the referee **30 minutes before the series**, otherwise the standard fixed order applies automatically.
3. **Map veto (per mode):** Same as Quarterfinals — **Ban–Ban–Pick–Pick–Ban–Ban**, remaining map is the decider; map pool announced ≥48 hours in advance. (Separate from the mode-order veto above.)
4. **Side selection:** Previous map's loser picks side for the next map.
5. **Overtime:** Hardpoint sudden-death on the final hardpoint if tied; Control/Domination one sudden-death OT round if tied; Search & Destroy needs no OT.
6. **Pauses:** Max 1 tactical pause per match, 5 minutes max.

7. **Recording:** Mandatory; submit on request within 24 hours or disputes are decided against the non-complying team.
8. **Disputes:** Raised within 10 minutes of match end with evidence; referees decide within 30 minutes — final and binding.
9. **Series win condition:** First team to a majority of maps (first to 2 of 3) advances to the Finals.

3.5 Finals — Round Procedure (Offline, BO5, Pro Standard)

1. **Venue/check-in:** Played offline at Yugaantar Gaming Arena; teams check in 30 minutes before the match, valid government/school ID required for verification, and must join the lobby within 10 minutes of the invite.
2. **Fixed mode order (no veto):** Game 1 Hardpoint → Game 2 Search & Destroy → Game 3 Control/Domination → Game 4 Hardpoint (new map) → Game 5 Search & Destroy (new map). Veto Power does not apply to Finals.
3. **Map veto (per mode):** Higher seed/coin toss picks/bans first, sequence is **Ban–Pick–Pick–Pick–Pick–Ban**, remaining map is the decider. Map pool announced ≥48 hours in advance.
4. **Side selection:** Previous map's loser picks side for the next map.
5. **Overtime:** Same rules as earlier stages — Hardpoint sudden-death on the final point, Control/Domination one sudden-death round, S&D none needed.
6. **Pauses:** Max 1 tactical pause per match, 5 minutes max.
7. **Recording:** Mandatory; must be submitted on request within 24 hours or disputes are decided against the non-complying team.
8. **Disputes:** Raised within 10 minutes of match end with evidence; referees decide within 30 minutes — final and binding.
9. **Series win condition:** First team to a majority of maps (first to 3 of 5) wins the tournament.
