Valorant

Tagline: *One Tap Away From a Mental Breakdown.*

1. Event Overview & Description

- **Core Concept:** Welcome to **Radiant Delusional** at Yugaantar, where players convince themselves they're built like TenZ, only to dry-peek mid with a classic. This isn't just a 5v5 competitive tournament; it's an arena for massive egos, unhinged aim duels, and pure lobby chaos. Whether you're a tactical mastermind or running entirely on caffeine, blind faith, and an instant-lock Reyna, this is the battlefield where you back up the trash talk or get humbled on the main stage.
- **Event Objectives:** The tournament features online knockouts leading into high-stakes offline finals.
- **Event Atmosphere:** Built for intense competition, the event promises adrenaline-pumping gameplay and fierce rivalries.

2. Match Details & Configuration

Parameter	Specification
Game Mode	Standard Competitive 5v5
Map Veto System	• **Best of 1 (BO1):** [Ban/Pick protocol] • **Single knockout for online qualifiers (BO1); Best of 3 (BO3) single knockout for offline Semifinals and Finals**
Timeouts & Pauses	10 mins break after each match
Side Selection	Coin Toss

3. Team Composition & Roster Guidelines

- **Starting Lineup:** Exactly 5 active playing members per match..
- **Roster Lock & Declaration:** The team captain must officially submit the finalized active playing roster to tournament administrators at least **24 hours prior to game day**. No last-minute substitutions, emergency additions, or roster edits will be entertained once the 24-hour deadline passes.

4. Tournament Format & Stages

- **Format Summary:** Expected Registration is 64 teams. All qualifier rounds are played online as single-knockout BO1 matches, narrowing the field to the Top 4 teams, who then compete offline across Semifinals (Day 1) and the Grand Final (Day 2), both played as Best of 3 (BO3).
- **Online Qualifiers – Round 1 (Round of 64):** Best of 1 (BO1), Single Knockout (Online) — 64 teams enter, 32 winners advance.
- **Online Qualifiers – Round 2 (Round of 32):** Best of 1 (BO1), Single Knockout (Online) — 32 teams compete, 16 winners advance.
- **Online Qualifiers – Round 3 / Quarterfinals (Round of 16):** Best of 1 (BO1), Single Knockout (Online) — 16 teams compete, 8 winners advance.
- **Online Qualifiers – Round 4 (Round of 8):** Best of 1 (BO1), Single Knockout (Online) — 8 teams compete; the Top 4 teams qualify for the offline stage.
- **Semifinals (Day 1):** Best of 3 (BO3), Single Knockout (Offline at Yugaantar) — Top 4 teams, 2 matches.
- **Grand Final (Day 2):** Best of 3 (BO3), Single Knockout (Offline at Yugaantar) — Top 2 teams, 1 match.

5. Prize Pool & Rewards

Standing	Prize Amount
1st Place (Champions)	₹5,000

Standing	Prize Amount
2nd Place (Runners-Up)	₹3,000
3rd Place (Podium)	₹2,000
Total Prize Pool	₹10,000

6. Game Setup & Technical Requirements

- **Account Specifications:** All participants must register with their official Riot ID and Tagline (e.g., `Player#0000`). The registered Riot ID must strictly match the account used in-game during official tournament matches; account switching, or mismatched IDs will result in immediate match forfeits. All competitive matches will be hosted exclusively on the **Mumbai Server.**. Accounts must meet the standard Riot competitive eligibility requirements (minimum Account Level 20).
- **Fair Play & Software Integrity:** Riot Vanguard must be active and operational on every player's machine at all times. The use of cheats, aimbots, wallhacks, third-party software overlays offering unfair advantages, macros, scripts, crosshair injectors, or hardware tampering is strictly prohibited. Smurfing and account sharing is strictly banned.
- **Connectivity & Hardware:** Players are solely responsible for their own setups, including hardware, stable high-speed internet connections, power backup, and peripheral devices (laptops/PCs, mice, mousepads, keyboards, and headsets). All game updates, drivers, and Vanguard patches must be fully completed before match reporting times. Technical issues, hardware crashes, or ISP outages on the player's end will not warrant extended match delays beyond standard administrative pause allowances.

7. Rules & Regulations

1. **Reporting Time & Punctuality:** Show up atleast 20mins before match begins.
2. **No-Show & Forfeit Guidelines:** Team disqualified.
3. **Competitive Integrity:** All matches must strictly follow Valorant's standard competitive tournament settings (Cheats: Off, Overtime: Win by 2, Tournament Mode: On). Any intentional exploitation of bugs, glitches, illegal agent placements, or out-of-bounds map exploits will result in round forfeits or match disqualification.
4. **Code of Conduct & Sportsmanship:** Toxic behavior, offensive language, discriminatory slurs, harassment, or disrespect toward opponents, teammates, or tournament staff will

not be tolerated under any circumstances. While healthy banter is part of the game, excessive unsportsmanlike conduct or all-chat abuse will lead to warnings, round penalties, or immediate expulsion from the tournament

5. **Technical Pause Protocol:** Teams may only call technical pauses for verified critical issues such as hardware malfunctions, disconnects, or unexpected game crashes. Pauses must be declared in chat or voice immediately during the buy phase; technical pauses are limited to a maximum of 5 minutes per team per match, after which play must resume.
6. **Referee & Admin Authority:** Event administrators and referees hold ultimate decision-making power regarding rule interpretations, lobby disputes, pause validation, and match penalties. All rulings issued by the organizing committee are final, binding, and not subject to appeal

8. Progression & Judging Criteria

- **Bracket Advancement:** All tournament stages operate on a strict single-elimination bracket; losing a single match results in immediate elimination, while the winning team advances directly to the next round.
- **Tie-Breaking Procedures:** Because all matches are played under standard tournament overtime rules (win by 2), ties are impossible; in the event of an unavoidable server disconnect or technical abandonment mid-game, the match outcome is decided by round differential at the point of halt or a designated sudden-death replay.
- **Dispute Resolution:** In the event of match discrepancies, rule violations, or scoring conflicts, team captains must submit a formal protest to event administrators immediately following the match with video/screenshot evidence. Organizers hold the ultimate authority to review footage, issue verdicts, or mandate rematches, and all administrative rulings are final and binding

9. Registration Details & Submissions

- **Registration Channels:** Online registration at **Unstop**
- **Required Team Information:** Team name, roster details, in-game IDs/tags, primary contact
- **Important Dates & Deadlines:** TBD
- **Team Capacity:** Capped at 64 teams to keep the online single-knockout qualifier bracket clean; registrations are accepted on a first-come, first-served basis until the cap is reached.

10. Location & Venue Details

- **Online Stages:** Communication through Discord/Whatsapp
- **Offline / LAN Stages:** Scaler School Of Technology, Electronic City

11. Disqualification Criteria

- **Cheating & Exploitation:** Use of hacks, scripts, bugs, or third-party unfair software
- **Identity & Account Fraud:** Smurfing, account sharing, or unregistered player fielding
- **Procedural Non-Compliance:** Refusal to follow veto rules, lobby settings, or referee orders
- **Conduct Violations:** Harassment, abusive behavior, or unsportsmanlike conduct
- **Attendance Failures:** Late arrival exceeding grace period or unauthorized leaving
